MEMORANDUM FOR: Project Director

25X1A

ATTENTION :

[Redacted]

THROUGH :

Deputy Director/Intelligence (Attn: [Redacted])

SUBJECT :

Request for Project Clearance: Mr. Milton E. Jenkins

1. It is requested that Project AQUATONE and TALENT clearances be established for Mr. Milton Elliot Jenkins, Assistant Director, Intelligence Division, Atomic Energy Commission.

2. As my deputy, Mr. Jenkins is responsible for handling the operational functions of the Intelligence Division. In view of the relatively small size of this unit, and the large current work load, it is essential that Mr. Jenkins be cleared in order to provide continuity of A.E.C. support and guidance to Project operational planning and exploitation of TALENT material related to atomic energy.

3. Mr. Jenkins has been granted "Q" and Special Intelligence clearances. He is an alternate member of the Joint Atomic Energy Intelligence Committee.
